

# AGENDA\*

## SYTEC 2025

7 OCTOBER 2025

08:30 AM

Welcome

09:00 AM

**Introduction** by Jérôme BODELLE and Keynote

09:30 AM

**RECYBAT Project** – Expertise Platform for Second Life Batteries

10:10 AM

**NOGEBAT** – Experimentation Platform: Extension and New Testing Means for the Development of New Battery Generations

**BREAK**

10:50 AM

**Testing & Validation of New Generation Inverters:** Towards more robust energy architectures

11:15 AM

**Battery Chemistry** – Technologies State of the Art

**COCKTAIL + TOURS**

02:00 PM

**Safety Battery Testing:** Methods, Standards, and Homologation Perspectives

02:30 PM

**VITESS Project:** Development of a Digital Battery Testing Platform Based on a Multiphysics Model

03:00 PM

**AI Applied to an SME and a Testing Center**

**BREAK**

04:00 PM

**Round Table:** Scaling up Industrial Production – What Tempo to Electrify Mobility?
